**INNER CIRCLE FOSTER CARE AND ADOPTION SERVICES FOSTER FAMILY AGENCY  
CONTRACT NUMBER 07-021-035 COMPLIANCE MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a review of Inner Circle Foster Care and Adoptions Services Foster Family Agency (the FFA) in April 2014. The FFA has one licensed office in the Third Supervisorial District and one licensed office in the Fifth Supervisorial District, which provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, its mission is "to provide comprehensive community-based services to children & families for the purpose of preserving the family, preparing adolescents for emancipation, providing treatment foster care and strengthening the community."

At the time of the review, the FFA supervised 57 DCFS placed children in 51 certified foster homes. Of the children selected for review, the average length of placement was 8 months, and their average age was 10 years old.

**SUMMARY**

During CAD's review, the interviewed children generally reported: feeling safe at the FFA home; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 9 of 11 sections of our program compliance review: Licensure/Contract Requirements; Certified Foster Homes; Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being and Discharged Children.

*"To Enrich Lives Through Effective and Caring Service"*

CAD noted deficiencies in the areas of: Maintenance of Required Documentation and Service Delivery, related to several children's NSPs either having missing or late CSW signatures, missing signature of the child, goals that were not specific and measurable and one NSP was not dated by the child or foster parent; and Personnel Records, related to a lack of documentation of required on-going training for Social Work staff.

### **REVIEW OF REPORT**

On July 11, 2014, DCFS CAD Contract Compliance Administrators, Theodore Howard and Leticia Foster, held an Exit Conference with the FFA's Chief Executive Officer, Sandro Villa. The FFA representative agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing Division.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report. CAD will verify that these recommendations have been implemented during our next monitoring review in May, 2015. The Out-of-Home Care Management Division will provide on-going technical assistance prior to the next contract compliance review.

**INNER CIRCLE FOSTER FAMILY AGENCY  
CONTRACT COMPLIANCE MONITORING REVIEW  
April 2014**

**SCOPE OF REVIEW**

The following report is based on a "point in time" monitoring visit. The compliance report addresses findings noted during the April 2014 review. The purpose of this review was to assess Inner Circle Foster Care and Adoptions Services Foster Family Agency's (the FFA) compliance with the County contract and State regulations and included a review of the FFA's program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements;
- Certified Foster Homes;
- Facility and Environment;
- Maintenance of Required Documentation and Service Delivery;
- Educational and Workforce Readiness;
- Health and Medical Needs;
- Psychotropic Medication;
- Personal Rights and Social Emotional Well-Being;
- Personal Needs/Survival and Economic Well-Being;
- Discharged Children; and
- Personnel Records.

For purposes of this review, ten children were selected for the sample. The CAD interviewed nine children, as one child had been discharged from the foster home and returned to the Home of Parent prior to the interview. All ten case files were reviewed to assess the care and services they received. Additionally, four discharged children's files were reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, two placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed eight certified foster parent files and eleven staff files for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with eight certified foster parents to assess the quality of care and supervision provided to children.

**CONTRACTUAL COMPLIANCE**

CAD found the following two areas to be out of compliance.

**Maintenance of Required Documentation and Service Delivery**

- The files of two children contained NSPs that did not have a signature of the DCFS CSW or clear documentation of efforts to obtain the same. Two other children had NSPs that were signed late by the DCFS CSW. Another child had an NSP that did not contain her signature signifying her approval (the child was 8 years old at the time). One child had an

NSP that contained proper signatures, but was not dated as required to verify the appropriate timeframe.

During the Exit Conference, the FFA Administrator offered documentation of fax transmittal cover sheets that he stated showed good-faith efforts by the agency to obtain signatures from the case-carrying CSW. Upon inspection, Contract Compliance Administrator Theodore Howard rejected these documents because the transmittals were dated after the signature due date, and the follow-ups were done approximately 30 days apart. A showing of good faith-effort should have included follow-ups within seven days of each other, given the importance of having the CSW's signature of approval on the NSP. The FFA Administrator stated that he would implement internal training and procedural changes to make certain these issues do not occur in the future.

### **Recommendation**

The FFA's management shall ensure that:

1. The signature of the County CSW is obtained within the specified time frame, or that clear documentation of all attempts is maintained in the children's files.
2. Each NSP shall be signed by the child indicating their participation in the development and acceptance of the same, or that clear documentation regarding the impediment, which prevents child's signature.
3. Initial and Updated NSPs are Comprehensive are developed
4. All required signatures on NSP include the date when the document was signed.

### **Personnel Records**

- The agency had no clear record of agency staff receiving required on-going training throughout the period of June 2013 – May 2014.

During the Exit Conference, the FFA Administrator stated that he would implement internal procedural changes to make certain that all specified documentation is up-to-date in staff files. He also agreed that, prior to being appointed Aviva's FFA Director; the agency did not do an adequate job of documenting the on-going training being received by Social Work staff. He showed the reviewers an example of what he had already done to rectify this situation in the future.

### **Recommendation**

The FFA's management shall ensure that:

5. Employees complete all required training and documentation of the training is maintained.

**PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY  
CONTRACT COMPLIANCE MONITORING REVIEW**

The Out-of Home Care Management Division's (OHCMD) last compliance report dated August 1, 2013, identified 10 recommendations.

**Results**

Based on the results of this review, it appears that the FFA successfully implemented 9 of 10 previous recommendations. The successfully completed recommendations are as follows:

- Certified foster parents have the required health screenings in accordance with Title 22 regulations and said documentation is maintained in the certified foster parent files.
- Certified foster parent have annual documentation of vehicle maintenance and documentation maintained in the certified foster parent files.
- Placed children are progressing towards meeting the NSP goals and evidence is maintained in the children's files.
- FFA staff develops comprehensive NSPs and documentation is maintained in the children's files.
- Recommendations from assessments/evaluation are implemented and documented in the children's files.
- FFA social work staff contacts the DCFS CSWs at least monthly and documentation of contacts is maintained in the children's files.
- Placed children have initial medical examinations within the required timeframe and documentation is maintained in the children's files.
- Placed children have an adequate supply of clothing in accordance with the Contract required clothing standard and documentation is maintained in the children's files.
- FFA social work staff have timely health screenings in accordance with Title 22 regulations and documentation is maintained in the corresponding personnel file.

**Recommendation**

Based on the results of this review, the FFA did not successfully implement the following recommendation from last year:

- The FFA obtains or documents efforts to obtain the DCFS CSW's authorization to implement the NSP and maintain these documents in the children's files.

The Group Home's management shall ensure that:

6. The outstanding recommendations from the 2012-2013 monitoring report, which is noted in this report as Recommendation 1 is fully implemented.

**MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER  
(A-C)**

A review made of the Auditor-Controller's website in July 2014 indicates that their last fiscal review concerning Inner Circle FFA was completed on July 11, 2011, for the period of January 1 through December 31, 2008. The A-C identified in its review, \$6,147 in unallowable costs, and \$369 in unsupported/inadequately supported costs. All unallowed and unsupported costs were subsequently repaid by the FFA to the County.
